1 Identification of substance/preparation and of the company/undertaking

- Product details
- · Trade name: Oil Paint
- Application of the substance/the preparation: Paint by artist, amateur and students

Manufacturer/Supplier:

C2F, Inc. 6600 SW 111th Ave, Beaverton, OR 97008 Tel: 503-643-9050 Fax: 503-626-9503 **Information in case of emergency:** Tel: 503-643-9050 **Refernce Number: MSDS- Oil Paint – 18colors**

2 Composition/information on ingredients

•Chemical characterization

•Description:

Mixture of substances listed as attached file with non-hazardous additions. File name: Oil Paint-18colors Component list

<u>3 Hazards identification</u>

·Hazard description: Not applicable

•Information concerning particular hazards for human and environments:

The products does not have to be labeled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version

·Classification system

The classification is according to the latest editions of the EU-lists, and extended by company and literature date.

4 First Aid measures

•After inhalation: Supply fresh air; consult doctor in case of complaints •After skin contact: Generally the product does not irritate the skin •After eye contact: Rinse opened eye for several minutes under running water •After swallowing: If symptoms persist consult doctor.

<u>5 Fire-fighting measures</u>

Suitable extinguishing agents

CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam **Protective equipment**: Month respiratory protective device

<u>6 Accidental release measure</u>

•*Person-related safety precautions:* Ware protective equipment. Keep unprotected persons away. •*Measures for environmental protection:* Do not allow to enter sewers/surface or ground water. •*Measure of cleaning/collecting:* Pick up mechanically.

•Additional information: No dangerous substances are released

Reviewed on: 2013-02-26

<u>7 Handling and storage</u>

·Handling:

•Information for safe handling: Store in cool, dry place in tightly closed receptacles.

•*Information about fire – and explosion protection: Keep ignition source away – Do not smoke.* •*Storage:*

•Requirements to be met by storerooms and receptacles: Store in a cool location.

•Information about storage in one common storage facility: Store away from flammable substances.

•Further information about storage conditions: Store in a cool place.

8 Exposure controls/personal protection

N/A

9 Physical and chemical prop	erties
•General Information	
Form:	Paste
Colour:	As per attached file
Odour:	No
•Change in condition:	
Melting point/Melting range:	Not available
Boiling point/Boiling range:	100 ° C
·Flash point:	>500°C
·Flammability(solid, gaseous):	Not available
·Ignition temperature:	Not available
·Self-igniting:	Product is not self igniting.
•Danger of explosion:	Product dose not present an explosion hazard
•Explosion limits :	
Lover:	Not available
Upper:	Not available
•Oxidizing properties	Not available
·Vapour pressure:	Not available
·Density:	1,34-1.96g/cm ³
·Relative density	Not available
·Vapour density	Not available
•Evaporation rate	Not available
·Solubility in /Miscibility with	Not available
·pH-value:	6-7
·Viscosity:	
Dynamic:	Not available

10 Stability and reactivity

•Thermal decomposition/conditions to be avoided: No decomposition if used according to specifications.

·Dangerous reactions No dangerous reactions known.

·Dangerous decomposition products: No dangerous decomposition products known.

Reviewed on: 2013-02-26

11 Toxicological information

•Acute toxicity

·LD/LC50 values relevant for classification:

None of the ingredients is listed. •Primary irritant effect:

•on the skin : Irritating effect possible

on the eye : Irritating effect possible

•Sensitization : Sensitization possible through skin contact.

•Additional toxicological information :

The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version.

When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provide to us.

<u>12 Ecological information</u>

•General notes:

Water hazard class 1 (German Regulation)(self-assessment):slightly hazardous for water Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

13 Disposal considerations

·Product :

•Recommendation Smaller quantities can be disposed of with household waste.

•Uncleaned packaging:

•Recommendation: Disposal must be made according to official regulations.

·Land transport ADF	RID (cross-border)	
•ADR/RID class :	-	
·Danger code (Kemle	·):-	
·UN-Number :	-
